

In the last 40 years, ICAP has trained thousands of facilitators and prevention specialists around the world in its empowering message. In order to ensure longevity, quality programs and fidelity to the philosophy of CAP, individuals and agencies interested in becoming a CAP® program should contact existing CAP Regional Training Centers (RTCs) in their geographic area. These centers work to deliver the training and copyrighted curricula and are the **only authorized agencies** to train projects. If you are in the Regional Training Center's territory, you may contact the RTC directly to setup up your project. If you have any other questions regarding the CAP Curricula or training, please reach out to Jeannette Collins, former ICAP Director at [childassaultprevention@gmail.com](mailto:childassaultprevention@gmail.com).
